In Windows XP, right click on “My Computer” and select “Properties.” Click “Uninstall a program.” Double-click the driver associated with the device. Hdd Docking Si 7908 Driver – . SI7908, HP USB Docking Station, with Free Drivers. This product support the USB Type-A connector as data transfer interface between hosts and peripherals through a high-bandwidth data communication channel (A USB 3.1 Gen 1, 5 Gbps). From the connection port, all data and commands are sent to or received from a host computer or associated peripheral (including a hub or a keyboard). To reduce bit-by-bit data transfer time (throughput) and to maintain data in an optimal state, we used the proprietary data buffer to hold the USB host data and an EEPROM to maintain the USB host side data. With the USB Type-C connector as data transfer interface, a host computer or associated peripheral can connect to the docking station directly. By using the current USB port, the data is directly transferred and saved without additional adapter software, shortening data transfer time. Hdd Docking Si 7908 Driver. No items have been added yet!
