Oestrogen replacement therapy during the early part of pregnancy leads to a reduction in the secretion of LH by the pituitary which is considered to be an essential step in maintaining pregnancy. In order to see whether it is the oestrogen itself or the stimulation of the pituitary which is responsible for the reduction in secretion of LH, experiments are in progress in which oestrogen is replaced by a decapeptide oestrogen agonist which only binds to the oestrogen receptor. The development of LH cells in ovarian transplants is being studied. Health & Fitness Buying a Fitness Tracker Want to look and feel better? A fitness tracker can be a great way to track your progress with your fitness goals. However, before you decide which one to buy, you need to know that the Apple Watch is not a fitness tracker. The Apple Watch does not track your steps, calories or anything else of the same ilk. It is a smart watch that also has a heart rate monitor. It is smaller and thinner than the popular fitness trackers but it gives you the same feedback on your health. Here are some of the fitness trackers that are available: Fitbit Charge HR Fitbit Charge HR is stylish and sporty, with an affordable price tag. It offers great features that improve your fitness, such as the sleep tracking feature. One other thing that you need to know is that the Fitbit Charge HR offers no built-in GPS
